## ICT Agreement -Using PCS Computers (Middle Primary)

The following agreement covers student's use of the internet, student files and the use of PCS programs and games.

1. Students must follow all the computer room rules that are posted on the wall of the computer cave.
2. Students can only use PCS computers if they have permission from a teacher. If students do not follow teacher instructions they will not be allowed to use the computers in the future
3. PCS computers are available to students for school work only. Students must follow the direction of their teacher when using programmes and the internet.
4. Students only go to websites as directed by their teacher. If anything comes onto the computer screen, not related to their school work, students must cover their screen and tell their teacher immediately.
5. Students must select a password in order to use the computers and not share their password with other students
6. Students only use the printer with permission from a teacher.
7. Students may play educational games on the computer only with permission from a teacher.
8. All students must log off when leaving the computer room and keep the room neat and tidy
